## DEDICATION

Movement and versatility define the young people of today. This annual is dedicated to them, their time, energy and contributions for the future. Youths project their attitudes about the world, striving for the improvement of civilization. Their goal is the betterment and understanding of mankind.

Achievement of this goal must be with standards set by adults. The key, education, comes with self-realization which in turn leads to the development of a scholarly attitude. Graduating seniors provide the intellects which our country needs to progress.

Provocative describes the activities of youth which relieve the tensions of today's high-pressed generation. Their activities are more outrageous than ever before. Yet, through this exuberance, youths develop a love of life. With this attitude, they will produce changes for the betterment of their world. Because the youths of today have courage, the accomplishment of their goals will be realized.

## no matter what shape your faculty's in

you'll find them always on the go. After the lectures are done and papers are graded, they may be playing chess or riding a ten-foot wave. We are fortunate to have a faculty so versatile that there are few fields of endeavor one of them hasn't explored. We have teachers who hunt and fish, race cars and fly airplanes, and still others who are green thumbs, great campers, musicians, camera bugs and golfers. Quite a few even spend some evenings and weekends at the local colleges working toward advanced degrees, such as a masters or a doctorate.

This year's faculty section has been expanded to show the teachers in action during class time. This is the way we saw our teachers and this is the way we'll remember them.

## emily

Petite describes our American Field Service exchange student Emilia Casimiro. Emily came from the Philippines and brought a new spirit to our campus. By being a cheerleader at home, Emily gave the Morse students two very cute cheers that will be long remembered. Emily lived with the Edgil family and had two foster sisters, Cynthia and Judy. Morse is very proud to have Emily here.

Morse also had other foreign students on campus. From left to right Alf Jacobsen, Emily Casimiro, Martha Brigitte, Ana Marie Correa, and Wilson Bravo.

Emily delighted everyone with her speech at the International Club about teen-agers in the Philippines

Studying takes a great deal of Emily's time. Here she is swapping notes with Linda Fischer.

Martha showed her school spirit by attending most of the basketball games.

Chatting daily with friends at lunch, our Youth for Understanding exchange student enjoyed her stay on our campus.

Reading from a German Magazine helped Martha to fill in the lonely moments she had.

Martha, talking with friends, Carolina and David.

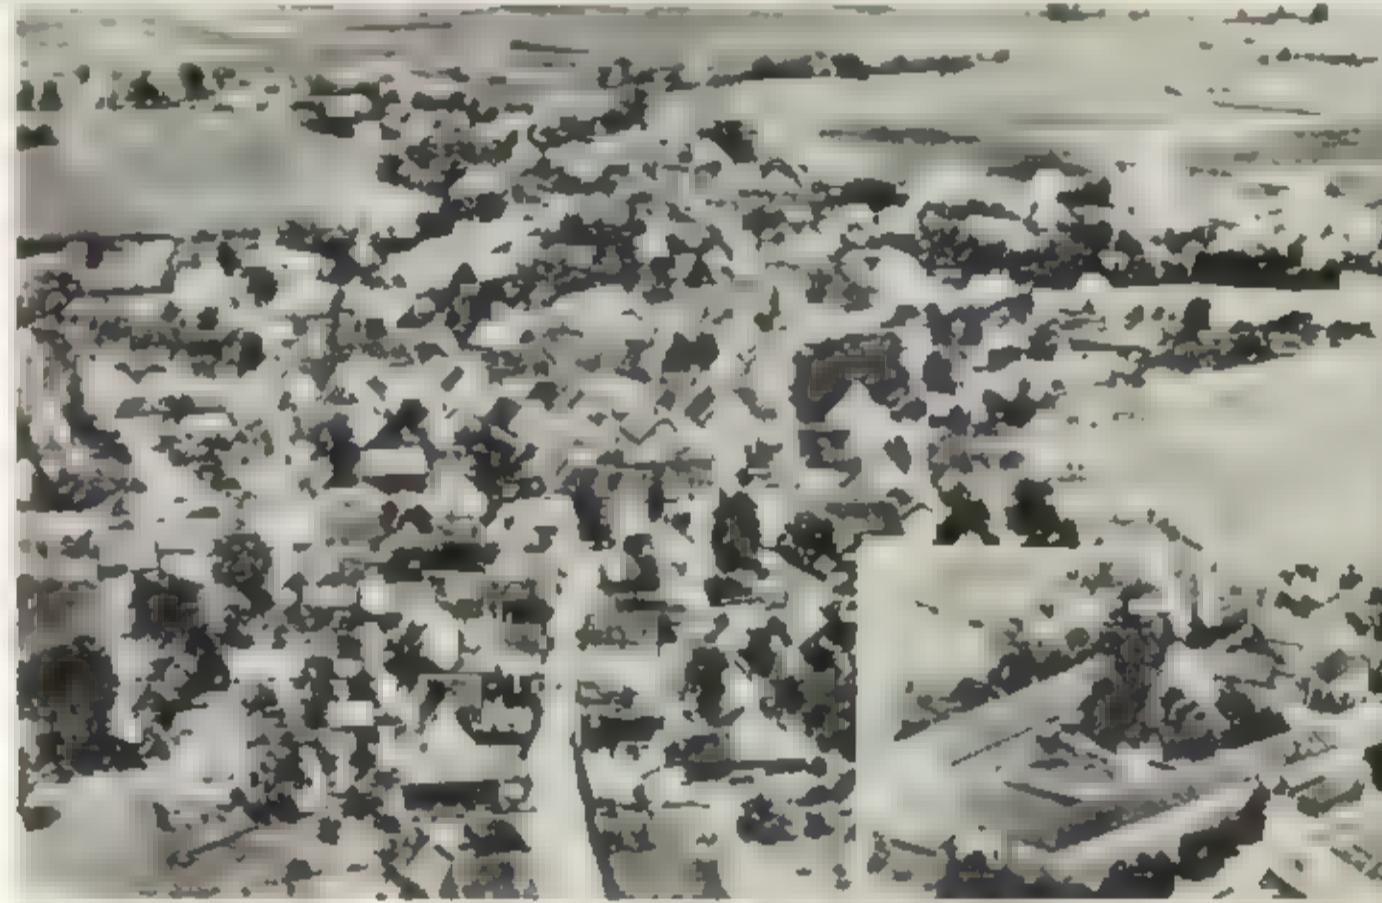

No matter where you saw Martha Barjenbruch, our Youth for Understanding exchange student, she was always smiling. Martha came from Germany and lived with the Kenneth Short family. Her wonderful personality won over the hearts of the students. Martha's charm and friendliness will long be remembered at Morse.

This is a statue of Roland in Bremen, North Germany. The statue is 18 feet tall and made of solid stone.

## students abroad

Thierhaupten, shown in an aerial view, is a city of 2,000 located in Southern Germany.

The entrance of Thierhaupten is a short walk from where Carolina lived. Her home was around the corner to the right.

Two Morse High Tigers went abroad this year. Carolina Holguin travelled to southern Germany and Patricia Small to Austria. Carolina lived in Thierhaupten for a period of three months. Patty stayed in Austria for the entire school year. Carolina spent her summer working in an office with her foster sister, and toured with her family even as far down as Italy. Patty studied in Austria and brought music to the hearts of her family. Morse is very proud of Carolina and Patty and their success with the American Field Service.

Everyone is invited to the Captain's Dinner. Patty is sitting with the Austrian bound students. A talent show was given after the dinner.

# ORGANIZATIONS

We have had the unique experience  
this year of being an entirely  
new council.

We on the council would like to  
express our gratitude  
for the opportunity of serving you.

Without adult guidance and supervision,  
the success  
that we had this year  
would not have been achieved.

For this reason, I  
would like to sincerely thank Mr. Meeh,  
our advisor, for a job well done.

I wish the graduating seniors the best of  
luck and challenge  
the juniors and sophomores  
to carry on  
in the Tiger tradition.

Sincerely,

Ray Dawley

## a.s.b. council

In an attempt to stimulate greater student participation, the A.S.B. Council this year, under the leadership of Mr. Meeh the new advisor, sought to decentralize the student government. The main problems that faced the council this year was lack of participation on the part of the student body in this year's activities. The council members also revised the constitution through the normal procedures to up-date this already inadequate document.

## girls' league

The first dance of the year, the Haystack Hoedown, has been traditionally presented by the Girls' League since our opening year in 1962. Along with the sponsorship of this dance the Girls' League also hosted the Big and Little Sister Tea and the Father-Daughter Potluck, both of which were a smashing success. After school sales kept the girls busy the rest of the year.

"I need a photographer to take a pic of some kids eating lunch!" "This picture is of girls. I wanted boys only! Oh, I guess I forgot to tell you. Take another, please. Thank you." This is the beginning of the year.

"I wanted her to be sitting in this picture, not standing. Take it again, please. Thank you." This is a couple of months into the year.

"I can't think of a good layout for this page right now, I'll go on to something else. I'll come back to it later." This is a few months into the year.

"I'm missing a glossy for this page! Who pasted this picture on upside down?" A couple of months before deadline.

"I need a secretary to type copy."  
"So do I!"  
"So do I!"  
"So do I!"

There were two secretaries, three typewriters and a week or so to the deadline.

And then the printed annuals returned. All of us on the annual staff can say that we're proud of our annual and we hope you will be too.

## dispatch staff

Under the supervision of the Dispatch Staffs' new advisor, Miss Harrison, this year's staff sought to bring the school paper to the level of the students and to make it interesting to more students. They strove to present the areas of school life not usually encountered by the average student. Each month the staff tried to present a different department and activate the students' interests. They also tried to show more pictures of students actively engaged in the business of going to school.

## pep band

"Tequila" was the loud response of the crowd to the vibrating music of our pep band playing what else, "Tequila". Performing this and other popular songs plus our own "Tigers Know" the pep band boosted the Tiger spirit at football and basketball games. It was formed for just this purpose and many hard hours were spent learning new tunes.

The Ensemble, choir, girls' glee, band, string ensemble, art guild, and the other art departments combined their talents to the success of the annual Fine Arts Festival.

## ensemble

Bel Canto, Latin for beautiful singing, is both the name and goal of Morse's ensemble. Under the new direction of Mr. Jenkins, they performed at the Mother-Daughter Dessert, Father-Daughter Potluck, Christmas Program, Spring Concert, and monthly recitals by the speech-music art department. Bel Canto also appeared off campus at College Grove Shopping Center and at a local church.

## choir

The Blue and Gold Choir, under the new direction of Mr. Jenkins, performed both on and off campus. They participated in the Christmas program and the Spring Concert. The choir also performed at College Grove Shopping Center and at the all-city high school choir festival.

## girls' glee

For the first time in Morse Girls' Glee history, the girls had matching dresses to wear while singing. Under the new direction of Mr. Larry Brown, the Girls' Glee performed for the school and the community in the Christmas program and Spring Concert. The girls also sang in various churches around the city.

## Marching band and tigerettes

The Tigerettes started this year's season with the addition of attractive capes made by the members for those chilly quarters in the stands. Many hours of hard work were spent during and after school by both the band and Tigerettes on routines created by the members and on arrangements created by Mr. Larry Brown, band director. The band is the largest instrumental organization on our campus and has performed in many concerts and contests. They also played at the 1967 graduation exercises.

## song and cheerleaders

This year as always the songleaders, cheerleaders, and mascots were outstanding. They faithfully lead cheers through the paper airplane bombardments, riots, day games, harassment, winning, losing, and confetti storms. They also defended the pep signs above and beyond the call of duty against opposing bench warmers, theft, rain, and spelling.

The cheerleaders were helped out by Mike Walkenhorst and Hank Lenoun who filled in for them during the gymnastics season.

## j.v. cheerleaders

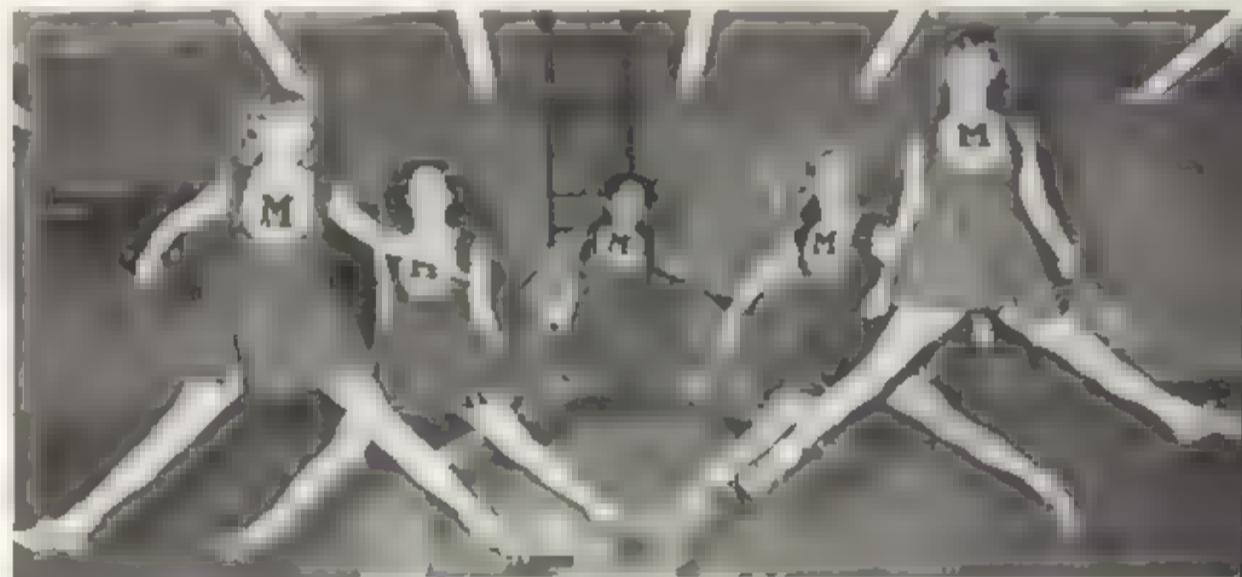

If ever you happened to drop in on a Morse J.V. football game, you must have noticed a group of girls dressed in blue and gold uniforms near the base of the bleachers leading the crowd in spirited cheers for our teams. Yes, this was the 66-67 J.V. cheerleaders at work. They were notorious for playing basketball during halftime and attacking the resting team with water pistols!

## california cadet corps

This year is the last for the Morse California Cadet Corps. During the five years of its existence they have brought pride and honor to Morse by winning medals in leadership and marksmanship. Next year the California Cadet Corps will change to the Reserve Officer Training Corps.

Miss Susan Gregory was crowned queen of the annual C.C.C. Ball held on April 1. Sharon Hall was junior attendant and Sandy Large was sophomore attendant.

## **C.S.f.**

The California Scholarship Federation is a statewide honor society. Its purpose is to promote high standards of scholarship, citizenship, and service. Students earn their membership by achieving outstanding scholarship grades and demonstrating high standards of citizenship.

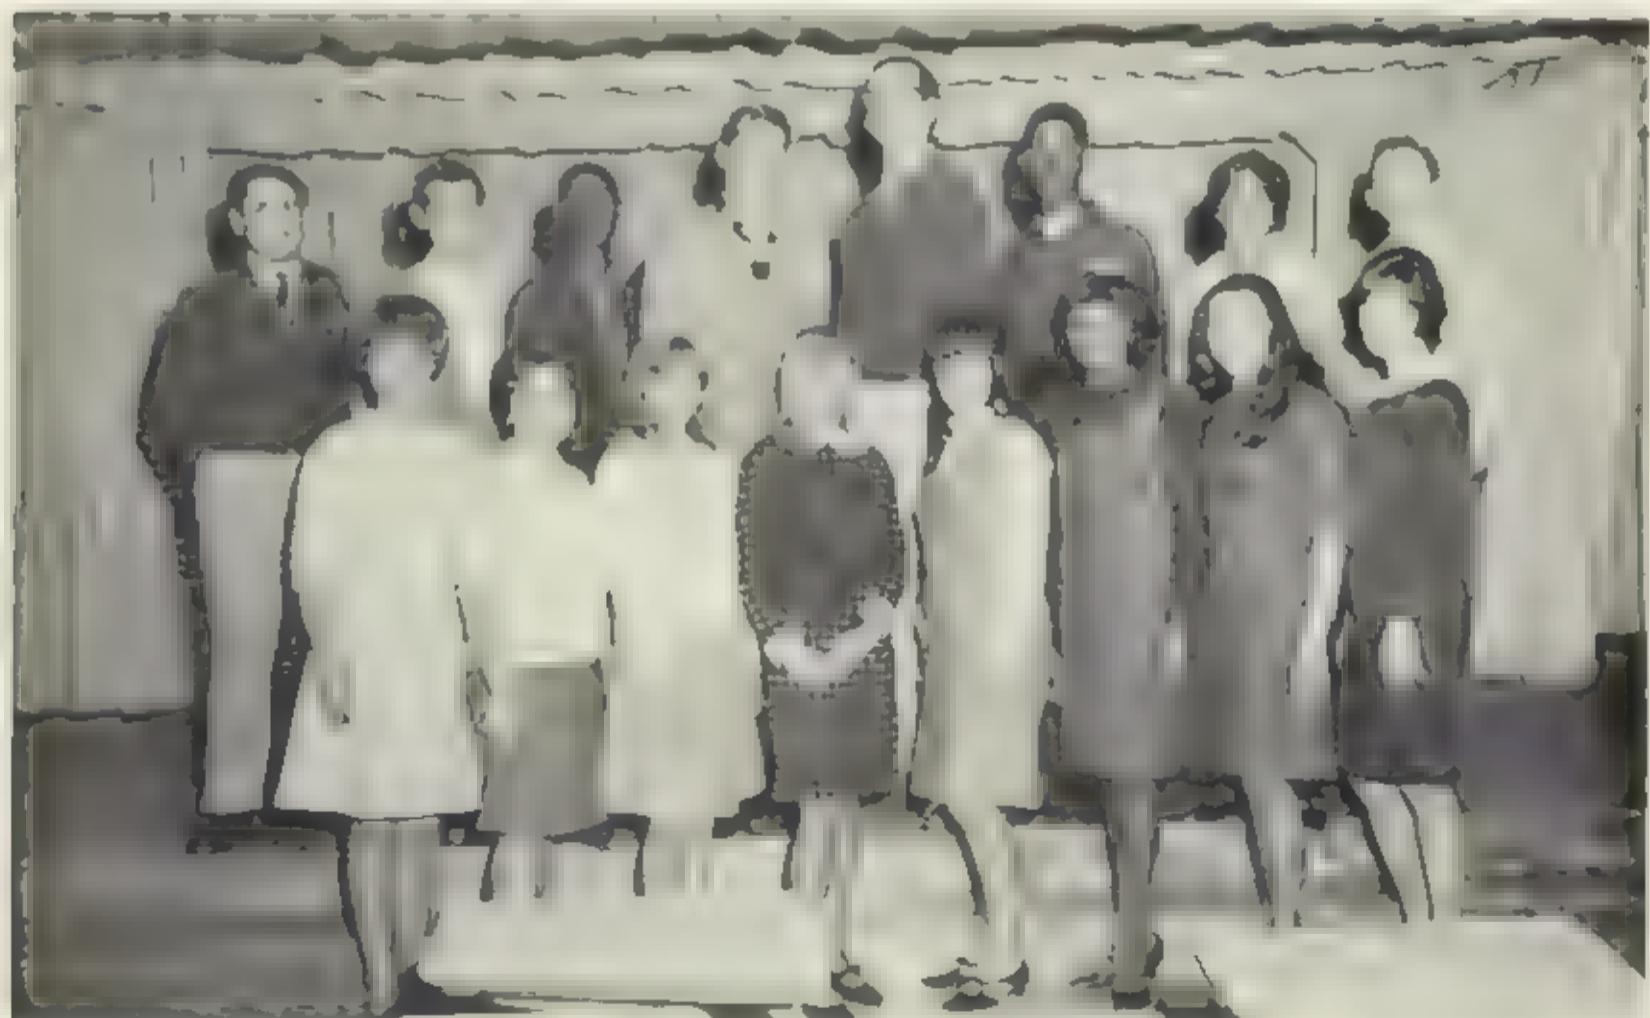

## **C.S.f.**

Morse is full of talented students and many of them participated in Competitive Forensics. They represented Morse in competition with other schools in the speech arts throughout the city. Many awards were received for their fine work.

## competitive forensics

The first fourteen year old female quarterback; a witch who falls in love with a mortal man; and an actress who comes to a small town high school prom were a few of the stories portrayed by the Morse Drama Guild, often called Wyman's Wynos. The proceeds from one of the performances of the Drama Guild Play went to the A.F.S. to help toward the \$750.00 needed for next year's foreign exchange student.

## drama production

## home economics club

Sugar eggs, doughnuts, and disasterous candle making were all a part of the home economics activities this year. The biggest projects were the very much appreciated foreign flags for the exchange students. Money raised by the club was spent on these projects.

## graphic arts club

New and bigger beat ribbons hit the campus this year. This was one of the many activities of the G.A.C. It was formed to give interested students an opportunity to work in graphic arts beyond the class curriculum and time.

## les tigres

A club well known for snow cone sales, pep boasting and school service was the Les Tigres. Two of their service projects were a Christmas party at a rest home in the community and an Easter party for the children of the Synanon House. They also donated a two-team roster for the score board which will list opposing teams for next year. Les Tigres wishes to bring pride to Morse through their services.

## **y-teens**

Among the activities of the Y-Teens, this year, was the World Festival held at the Y.W.C.A. During the year they worked on projects and kept up their school services.

## **spanish club**

Promoting the understanding between Morse students and students of Spanish speaking countries was the goal of the Spanish Club. When a new student arrived on campus the Spanish Club was ready and anxious to greet them and make them feel welcome.

## **sigmas**

Sigma membership is based on scholarship and service to the school and community. They had many fund raising projects, including a fashion show and a cookie sale. The money from these sales was used to buy gymnastics mats and a scholarship which was given to a graduating Sigma member.

## **cadet club**

The annual Cadet Ball and Cadet Beach Party are two of the activities held by the Cadet Club. The purpose of the club is to encourage leadership and provide military experience for interested boys.

## **key club**

The Key Club's activities for the year have been the faculty basketball game, Boys' Federation dance, fund raising sales and joint projects with the Kiwanis of Southeast San Diego. Its purpose is to bring the students together and give them an opportunity to work for the betterment of the school and community.

## **lettermen club**

The Letterman's Club was established to recognize and honor the varsity lettermen at Morse. School service and obtaining funds for athletic equipment were among its activities. To promote better school spirit and participation in athletic events were the clubs main objectives. The club was guided through a successful year by the fine leadership of its members and co-ordinator, Coach Colonnelli.

## **art guild**

Vincent Van GoGogh, the Tiger often seen on many Art Guild posters, was the emblem mascot this year. The purpose of the club is to establish better understanding in different fields of art and many members submitted works in the Spring Concert.

## **international club**

The International Club's purpose is to promote the exchange of ideas and co-operation of nations. It offers the students an opportunity to survey the traditions, customs and people, as well as students from other countries.

## **tiger boosters**

The newest and one of the most active clubs this year was the Tiger Boosters. It was formed to promote school spirit and support our teams on campus as well as at our games. They helped paint signs for the games and cheered madly at all games and pep rallies.

## red cross club

Each year the Red Cross money raising drives are handled through the Red Cross Club. This is one of their many activities. They sponsored many service projects, one was a trip to Paradise Valley Hospital during Christmas vacation to spread Christmas cheer to the patients.

## chess club

The senior lawn was not only used by underclassmen, but also by the members of the Chess Club. They competed among themselves as well as in tournaments with schools throughout San Diego. Under the leadership of Mr. Archibeque the members have learned to master many tricky moves in chess.

## electronics club

At school events such as games and assemblies where microphones and amplifiers are needed the Electronics Club is plugged in. In addition to this service, the members meet to exchange ideas and information on electronics and to work on personal projects in that field.

## science club

Preparing for the science fair has kept the Science Club busy most of the year. They also had many scientific speakers, student experiments and projects. The purpose of the club is to allow students interested in science to go further than regular class studies, especially in the area of experimentation.

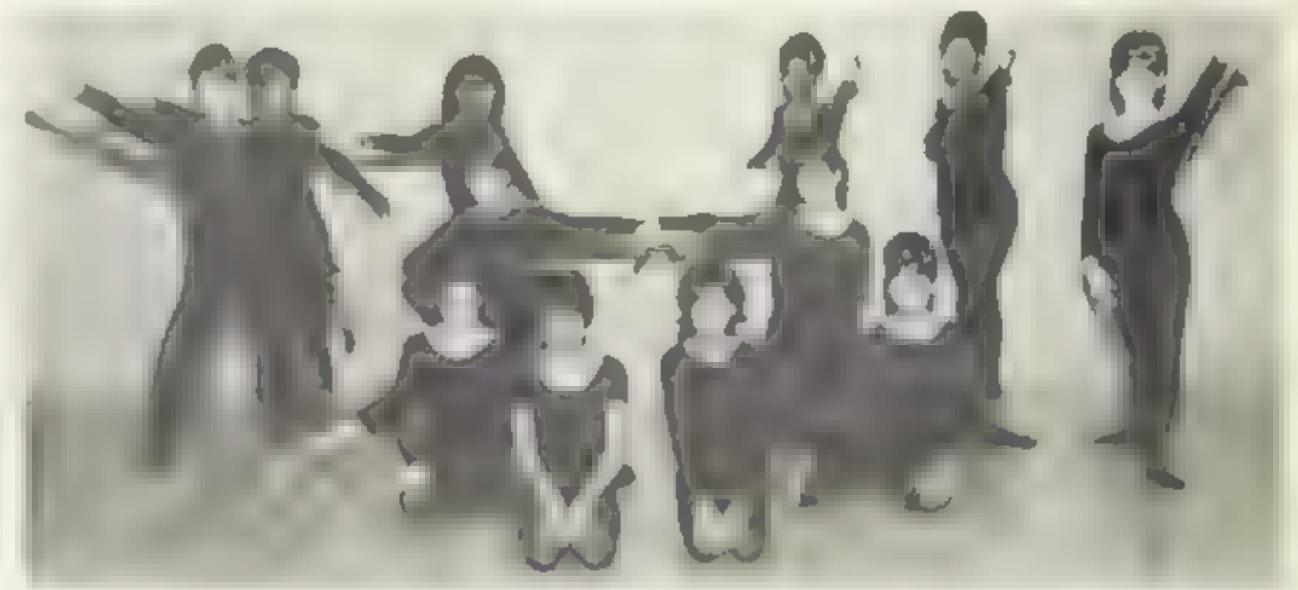

## **g.a.a.**

The Girls' Athletic Association was formed to give interested girls a chance to participate in sports beyond the P.E. class time. It encourages team work and physical fitness. The G.A.A. members sold candy to raise money to buy athletic equipment. They also sponsored a faculty—G.A.A. volleyball game for the same purpose and to promote interest in the club.

## **modern dance club**

The Modern Dance Club has entertained in various activities throughout the year. They entered the dance symposium at Hoover, and danced during the Fine Arts Festival. The purpose of the club is to give the girls the opportunity of dancing creatively.

## **health careers club**

Health Careers has raised funds for several projects; to help service men in Viet Nam and a career day. Many members have applied for scholarships in health fields. The purpose is to learn more about health, community agencies, and to foster ideals of service and responsibility.

## **future teachers club**

Many of the future teachers worked in elementary schools as teacher aides. They visited several colleges in the area and had numerous speakers attend their meetings. Their purpose was to stimulate interest in the field of teaching.

Glenn Shuttleworth looking for the ball during the Key Club — Faculty Basketball Game

## key club-faculty basketball game

High leaps, fast dribbles, ball stealing and free-throws were all a part of the annual Key Club-Faculty Basketball Game. The uniforms were anything but uniform ranging from gym clothes to our ASB President in pink tights! The Faculty was represented by such great basketball stars as Mr. Rodriguez shooting at the opponents basket and scoring

Dana Jones gives a helping hand to a falling volleyball.

Mrs. Ela misses as the ball is sent flying onto the faculty's side of the net.

Misses Zouhar, McCarthy, Marietti, and Mrs. Tebben root for their team mates.

## **gaa-faculty volleyball game**

Separating the Faculty from the students was easily done the day of the big volleyball game. When the Faculty played the seniors and sophomores, the students proved to be failures. Then up came the faithful Juniors and the Faculty lost all power. Both the Faculty and students enjoyed themselves having a good game, win or lose.

An overhead shot of the GAA-Faculty Volleyball Game.

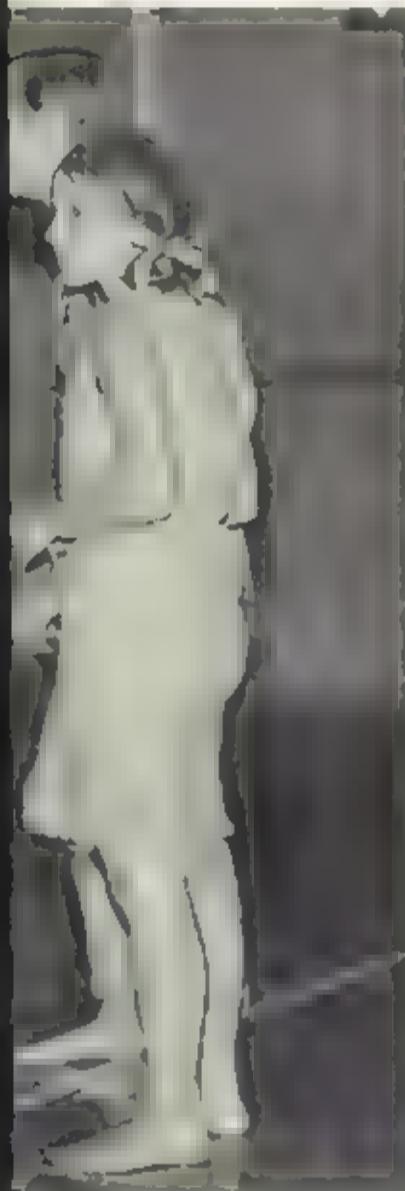

## dancing 'round the year

The Haystack Hoedown, sponsored by the Girls' League, was the first dance of the year. It was held on September 16, 1966 and was a Sadie Hawkins affair, with Marryin' Sam on hand for some illegal hitchin'. The highlight of the evening was the crowning of Ronnie Hernandez as Miss Chicken Fat of 1967. May her reign be long and glorious. Music was provided by Huckleberry, of KCBQ.

The Health Careers Club sponsored a fund raising Record Hop on December 9. This was the first Record Hop to be held at Morse and also the first stag dance. Admission was a donation of one canned goods per person and proceeds went to the Salvation Army.

The first stag after-game dance of the year was sponsored by the P.T.A. after one of the last basketball games of the season. A capacity crowd swarmed into the Safari Room and danced to the sounds of The Four of Us and The Fortes.

Guys and dolls, antique cars, powder-puff football players, and flappers portrayed by our more daring campus heroes and heroines, set the stage for this year's homecoming festivities.

The Roaring 20's theme was off to a good start on Wednesday, with the showing of silent films in the cafetorium. More fun began on Friday when the students started arriving on campus in their modes of the 20's. Later in the afternoon, at the pep rally, the nominees for queen were introduced, and then free Mountain Dew was provided for all those brave enough to push their way through the excited mob of participants in this year's homecoming.

## a.s.b. play time out for ginger

"Anyone should be able to be whatever they want." These were the inspiring words so innocently spoken by Ginger's father, Mr. Carol. Through misinterpretation these words led Ginger, a fourteen-year-old freshman, into becoming the first female quarterback of her high school football team. Also, she caused uneasiness in her family when she beat her sister's boyfriend, Eddy, captain of the football and track team, in a foot race. When her father, in his excitement over her first touchdown, calls her "son", she realizes then that it is far better to be a girl than a star football player.

All of this took place at 7:30 p.m., Thursday and Friday, November 3 and 4 on the cafeteria stage.

Love is disasterous to all witches' power. Spite and want of a change causes Gillian Holroyd, a red-blooded (?) American witch, to put a love spell over an unsuspecting, but handsome square, Shep Henderson. Unknowingly Gillian falls into her own tender trap and loses her powers. The excitement builds as Gill's mischievous brother, Nicky; her idle-brained cousin Queenie and a drunkard author of witchcraft, Redlitch, mix up the situation. The action took place starting at 7:30 p.m., Thursday and Friday, February 16 and 17 in the cafetorium.

## fads and fashions

Comfort, style, and wearing what you like are the forces behind the clothes trend. For the girls it's the crazy earrings, flowing tent dresses, shiny and knitted hose, and moccassin shoes. Wild print shirts, ties and slacks, with wing tips, and floaters for the feet are the ways of the stronger sex. Both have gone the animal route with the furry and suede coats.

Freedom of movement is the idea when wearing these stylish dresses.

Our foreign exchange student from Germany, Martha Barjenbruch was very content and anxious to learn the latest dances.

Moonlight and Roses was the theme for the Junior Class Ball held on March 17th in the Safari Room. The Images provided the music for the first formal underclass dance in the history of Morse High. Highlights of the evening were Billy Crain and other students dancing with such teachers as Mrs. Bonnie King and Sondra Richardson dancing happily with her counselor, Mr. Wallazz Eaton. This dance showed the student body of Morse that a dance can be a success if it is well planned, organized and publicized.

## junior class talent show

The Soulin' Temptations, the Secret Society, Hank Lenyoun and Monroe Nash were just a few of the many acts presented at the annual junior class talent show. This year it was held on March 20th in the Safari Room. Hank Lenyoun and Monroe Nash acted as Masters of Ceremony. The show which had the biggest crowd ever was very interesting as well as enjoyable. The proceeds from the show went into the class of 1968 treasury.

In the opening game of the season, the untried and untested Tigers met a heavily favored Chula Vista team. The Tigers rallied behind the passing of Jimmy Ruiz and a strong defense, for their first victory of the year. Ruiz threw TD passes to Ernest Mallory, Tony Bergeron, Billy Crane and ran for another himself. Robert Logan aided the cause by dropping the CV quarterback in the end-zone for a two point safety. Chula Vista's only score came on a five yard run and kick in the first quarter.

The second week of the season rolled around and all eyes were on the show-down. Could the Tigers stop the "dirty dogs" offense? The Tigers scored after Jimmy Ruiz hit Bob Logan with a 34 yard pass, and came right back with a beautifully executed 9 yard jump pass to Logan. Other bright spots were, John Tirado's blocking of a Point Loma punt, and Larry Moore's catch of a 47 yard bomb by Jimmy Ruiz. Both plays placed the Tigers in good field position, but they failed to capitalize on these opportunities, and the Pointers prevailed.

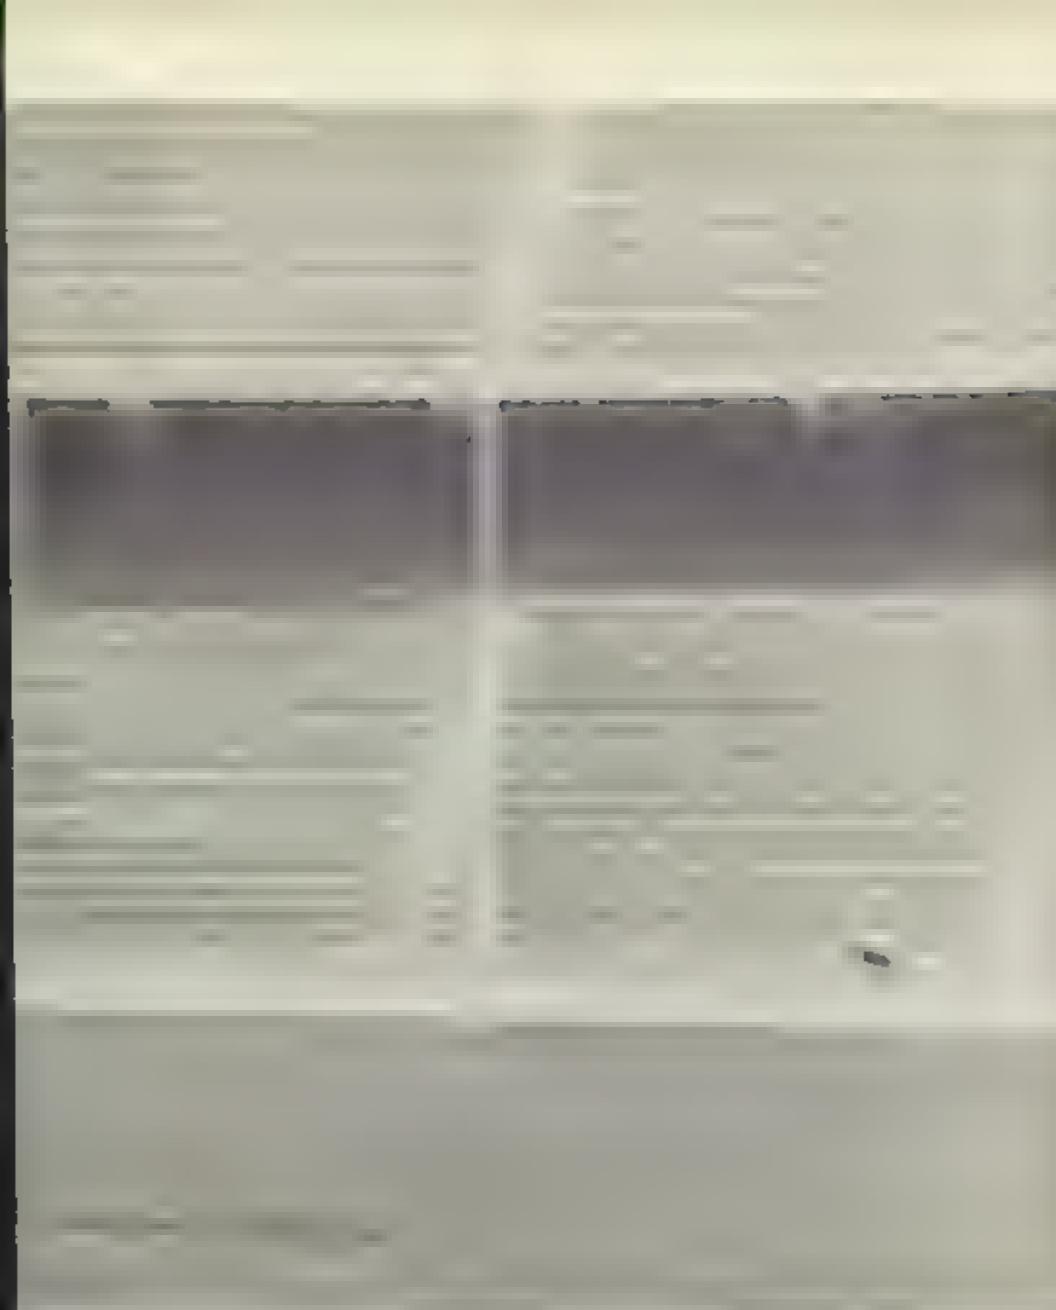

A daytime capacity crowd yells for Lamont Taylor.

## tigers 30 saints 12

In our first league game the Tigers manhandled the Saints with apparent ease. Billy Crain was off and running with two touchdown runs. His first run of 80 yards was a new school record. John Rapolla scored two more touchdowns on a pass and run. Tom Trent blocked a punt and recovered it in the end-zone to account for the rest of Morse's scoring.

## **tigers 0 komets 9**

Our next game was a daytime game, due to a Board of Education ruling. This may have had some effect on the Tigers, but the truth is that it was not a good day for our team. With a multiple number of fumbles, and our star quarterback, Jimmy Ruiz, out of the game, we were not able to score. Kearny only scored once, but it also pushed our team back for a two point safety. However, it should be realized that the real power of our team was being saved for the next game against Saints.

## tigers 20 hornets 31

The Tigers met neighborhood rival Lincoln with their powerful offense and stingy defense. As expected, this game was a real barn burner. The Tigers struck first with Tony Bergeron taking a 15-yard Jimmy Ruiz pass for the score. Next John Rapolla rambled 37 yards for another Tiger score. Jimmy Ruiz scored from the one after directing the Tigers down the field to their final score. However, and injury to Billy Crain and the depth of the Lincoln team proved to be too much for our Tigers.

## tigers 7 colts 0

Our Homecoming was played against Crawford in Aztec Bowl. The team really showed the old-folks how it should be done. Playing to the theme of the "Roaring 20's" the Tigers played almost the entire game on Crawford's end of the field, as the defense really starred.

Then, late in the game, Tony Bergeron took a Jimmy Ruiz screen pass and rambled a good old-fashioned 80 yards for the score.

Billy Crain bestows peace on his opponents.

## tigers 39 cardinals 20

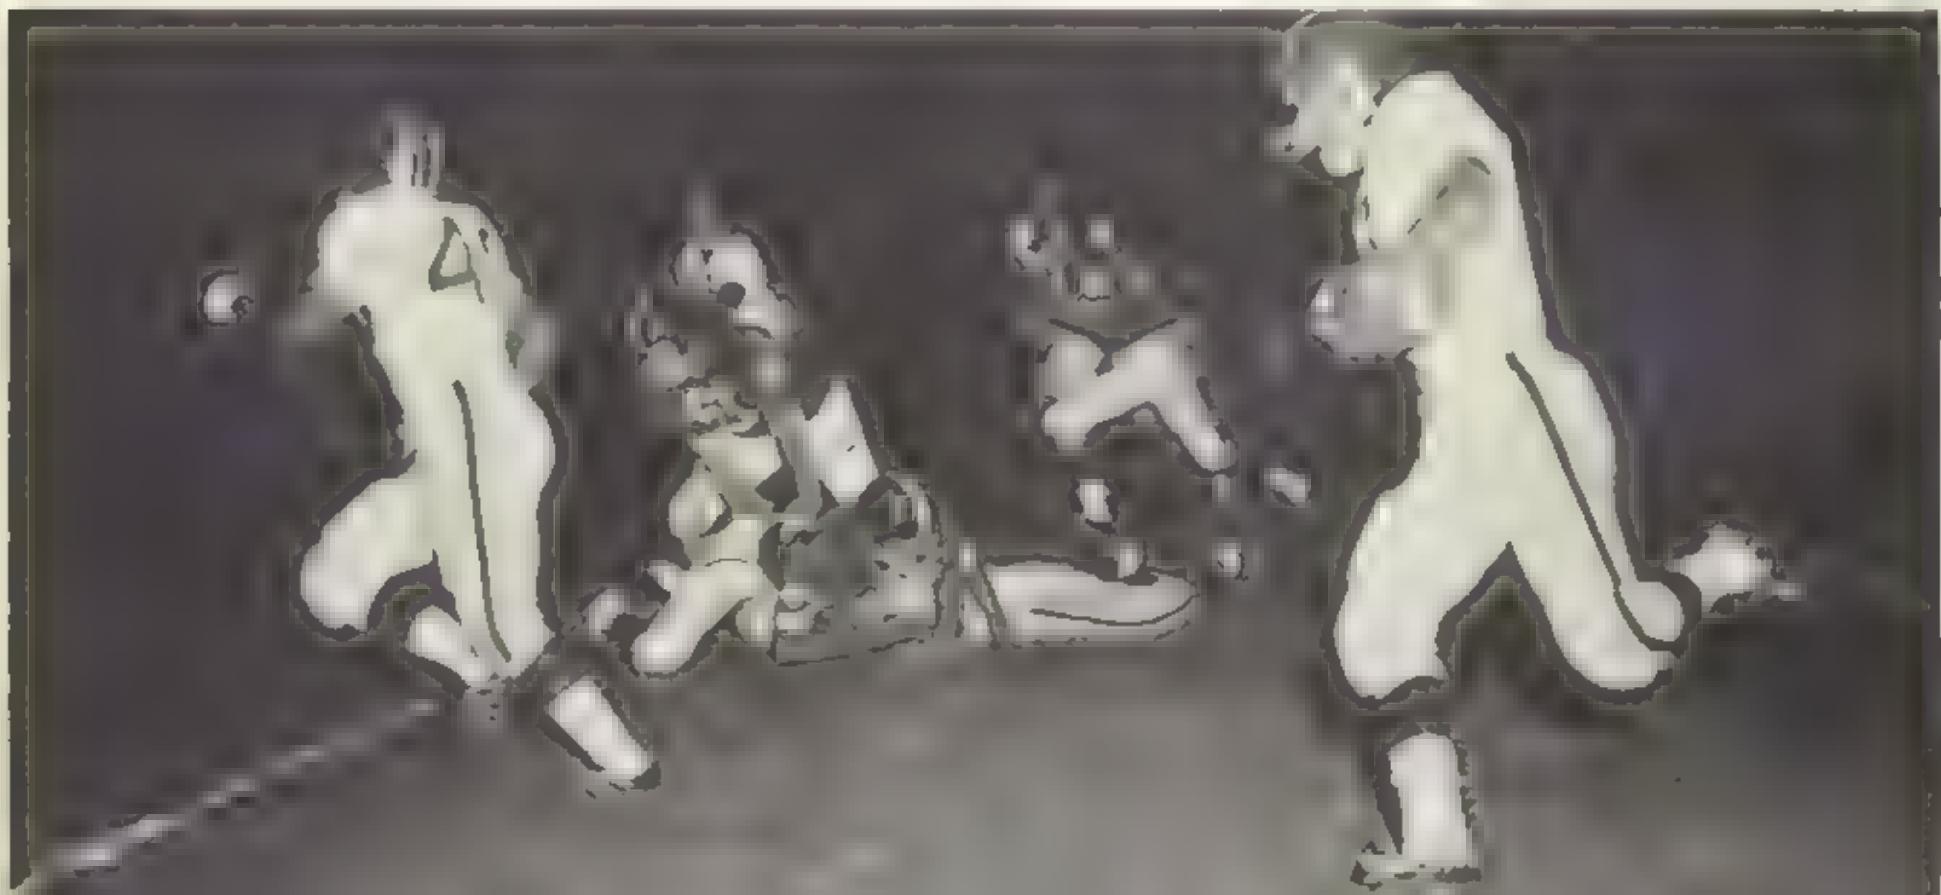

After the victory over Crawford, there was a chance for Morse to clinch the Eastern League title. Hoover, with the number one football team at the time, was our next opponent. Whichever school won this game would be in the number one position. With our strong defense and quick thinking offense, the victory was ours. Ruiz, our star quarterback, threw four touchdown passes and ran for two. On the receiving end were Rapolla (29 yards), Crain (28 yards), Taylor (11 yards), and Moore (2 yards). With a total of 480 yards gained, the final score was Morse 39, Hoover 20.

## tigers 21 cavemen 7

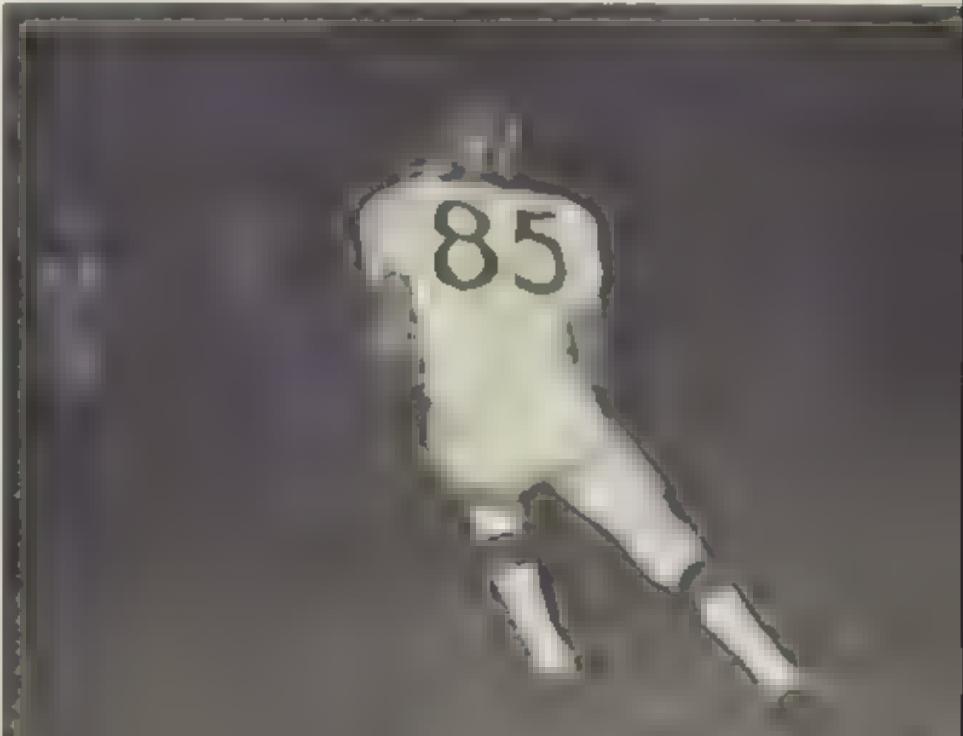

The Tigers met the San Diego Cavemen in Balboa Stadium in their last league battle. This game was critical for the Tigers, because a victory here would mean our first league championship.

Our team was sluggish in the early stages of the game, but finally caught fire on a 40-yard Ruiz to Rapolla pass. Billy Crain then opened the second half with a 20-yard touchdown jaunt that came just before Ernie (Stretch) Mallory electrified the crowd with an 86-yard punt return for the touchdown that helped the Tigers to bury the Cavemen 21 to 7.

## **tigers 14 pointers 21**

The Tigers took on the "dirty dogs" of Point Loma for the second time this season. The Pointers scored first before Jimmy Ruiz could rally the Tigers by hitting John Rapolla with a pass to tie the score. Once again the Tigers came from behind to tie the score as Stretch Mallory made a fantastic catch and run after being hit several times.

In the end, the Pointers prevailed and the Morse students sang their Alma Mater for the last time of 1966.

First downs are often a matter of inches.

## all stars

This year our football team had many "stars" among the players. Pictured above from left to right are: Tom Trent (linebacker), Manuel Fejarrang (guard), Ron Clark (tackle), Lamont Taylor (end), Jim Ruiz (quarterback), John Trado (end), and Tony Bergeron (halfback). Coach Coover

We salute the 1966 Tiger Varsity. After only four years in the tough Eastern League, they brought home a well-earned Eastern League Championship. We express our gratitude to the entire team and especially to our fine coaches, Chuck Coover and Larry Schimpf.

## gymnastics

Gymnastics is a sport that requires the utmost in dedication and coordination; therefore, gymnasts train and practice many hours in preparation for the meet. This year Morse had an outstanding team. Tiger gymnasts shutdown eight teams on their way to a strong second-place finish in the tough Eastern League. Outstanding performers were Ed York (side horse, rope); Robert Ito (high bar, parallel bars, long horse); Dan Lulue (rope); John Denham (free exercise, tumbling); Wayne Ritter (all around); and Mike Ito (all around). Congratulations to an outstanding team for a fine effort.

Take me out to the ball game. Why? Because of the thrilling excitement of watching your team combat another team to win the game. This game requires skill and individuality. But more important is the teamwork and sportsmanship shown by these fine players. Our team has had a bitter, time-tested season, losing some of the games by only one point, yet winning others by maintaining a strong lead throughout the games. Hats off to our splendid baseball team.

## J. V. baseball

Many people do not attend the J.V. baseball games, but it should be realized that these younger team members will be the bulk of next year's team. So their games are just as important as the varsity games. Through much practice, next year our team may come home with the CIF title.

## tennis

"Nobody plays tennis," or so the saying goes, but the truth is that tennis is not an easy sport. It takes strenuous exercise and coordination to become a good tennis player. It is very challenging, both individually and as a team. And with the fine job our boys have been doing, there is undoubtedly much congratulations owed to them.

In girls' gymnastics, individuality is what makes a person outstanding. Through constant individual competition, the girls strive to improve in their areas they are performing in. This requires hours of practice and hard work. It should be recognized that through their ambitions to become number one, the girls gymnastics team at Morse High has brought home many high honors.

Arthur D. Avery  
12th grade counselor

The Senior Class of 1967 would like to thank its counselors, Mr. Arthur Avery and Mrs. Alice Young, for the guidance and supervision they have provided in the three years of our high school career. The difficult tasks of programming classes, organizing the senior committees and activities, and providing helpful information about college for over 500 seniors were a few of their duties. Even more than this, they were a friend that seniors could talk to when academic and personal problems arose. The senior class knows no other way to express its deepest gratitude except by saying THANK YOU.

Alice G. Young  
12th grade counselor

## the ways of a "tiger" ...

## best foot forward

This year's senior play entitled, *Best Foot Forward*, was presented to the senior class members and their guests on May 11th and 12th. It depicted Bud Hooper as a student at a strict private boys' school in the east, who invites two young ladies to his prom; his steady girl-friend, and a very sexy movie star. Neither refuses the invitation! He employs the wit and good-naturedness of his two best friends, Dutch and Hunk, to keep the movie star hidden from the school authorities without allowing her to know she is being hidden. The play was quite humorous, yet it also contained tense dramatic undertones. After all, how would you handle the situation if you invited two persons to your prom?

Dr. Reeber reprimands Greene.

Miss Smith, the chaperon, helps the girls get ready for the prom.

*"Listen, Greene, I really need that information."*

*"Now I've got my man!"*

This year's boy of the year possessed the qualities that were deemed a necessity by the male population of Morse. They designated that he should possess leadership abilities.

They designated the importance of this boy being a scholar and setting and striving to attain high goals for himself. He should without a doubt be a citizen with an unblemished record of citizenship and scholarship.

He should be an athlete of considerable ability and a good sport possessing an exceptional attitude of fairness. Above all, he should be kind to all and a friend to most.

This year's boy of the year possessed these qualities and more.

The boys of Morse are proud to have him represent them for the year 1966-67

DARRELL TURNER

## boy and girl of the year

More than half of the girls at Morse High School said in no uncertain terms, "I like this girl—she's a great gal!" They stated this when they voted for the girl of the year. We expected the girl of the year to be feminine and charming—she was!

We expected the girl of the year to be capable and industrious—she was!

We expected the girl of the year to be an earnest student and to achieve scholastically—she did!

We expected the girl of the year to be friendly and very well liked by everyone—she was!

We expected the girl of the year to be a girl that each of us were proud to have represent us. We were proud!

The girl of the year in her likable modesty probably didn't expect to be girl of the year for 1966-67. She was . . .
